Auctions uses 5 online auction sites to list your items: Live Auctioneers, Invaluable, Bidsquare, HiBid and Proxibid. Buyers can also phone bid and leave absentee bids.

We offer realistic market value estimates totally free of charge or obligation. Our commissions are competitive, and we don't add fees for photography or storage or any of those other charges that make a seemingly low commission rate actually quite high.

We understand that sometimes our clients are under time or financial constraints. Sometimes clients simply prefer that we purchase their property outright. This is also an option we will discuss with you, depending on your circumstances.
